

**Miracles that follow the plow :: Praise report!**

**Praise report!, on: 2009/7/30 16:18**

The economy has hit my business pretty hard, as it has most construction oriented businesses.

God has provided for my family during this slow down, and we have been in want of **nothing**. Lately we've really been squeezed and I prayed just this morning "Lord... we're feeling the pinch... but I know you're gonna provide."

Found out about an hour ago that I landed a massive project!! This is just what I've been needing, and may have to hire someone to help me with it.

Back on my feet!

Praise the Lord!

By the way, just wanna mention that one of the reasons I have been able to weather this economy is because we carry no debt! I highly recommend if you're young **DO NOT** take on debt. If you are in debt... **GET OUT OF IT.**

Krispy

I just have to praise and thank God for His ways in your life. And for your sharing it with us. Was it not awesome how He prepared you spiritually for these days.

Much, much Joy here. Group hugs! Kiss the babies!

:-) :-) :-) :-) :-) :-D
