Hi BigWillie!

Welcome to SermonIndex! This ministry is like "water in the desert!" There are some great resources available here. You can use the MAIN MENU on the left of your screen to access thousands of tremendous audio, video and text sermons that will challenge and encourage you in your walk with the Lord. Personally, I have been greatly impacted by messages from men like Leonard Ravenhill, David Wilkerson, Carter Conlon and Paris Reidhead.

By the way, my wife is also from the Rio Grande Valley. We now live in northern California, but most of her family still lives in the Valley (from Brownsville to McAllen). Most of her family lives in Weslaco. She misses it quite a bit (except for the summer heat). Its funny, but her dad just purchased another burro and a couple of cows. We tell the people around here about that...and their eyes just bulge out!

Again, welcome! Â¡Dios te bendiga!

:-)

\*EDIT - If you get a chance, listen to some of the SERMON RECOMMENDATIONS included on the right of your screen. They represent some of the most downloaded messages, and I think that you will be greatly encouraged by them!
