Church Desecration - posted by Nasher (), on: 2004/9/23 8:12

Last night, our Church building and minibus were desecrated with satanic messages and symbols spraypainted over the walls.

My first thought was to try and "get" those responsible, then I realised that would be just what satan would want me to do, and exactly what God would not want me to do.

Instead I will be praying for the people who have done this that they repent and turn to God.

One good thing that I realised is that I know satan fears God's people and what they are doing and he is getting desperate!

Yes I would take that as an encouragement that you are doing something right. I would like to know more about your church brother, what denomination etc?

Hi Nasher

I'm looking forward to being with you all on Sunday, with some expectation; So shall they fear the name of the LORD from the west, and his glory from the rising of the sun. When the enemy shall come in like a flood, the Spirit of the LORD shall lift up a standard against him. (Isa 59:19 KJV)

For folks outside the UK, the West Watford Christian Fellowship is North of London, and immediately opposite a Premier Division Football Club. The building is not imposing but thousands of folk will see it every week. I have had a home from home in the church for many years. I preach here more than I do in my home church!!
