about 3 years ago my heart began to be very burdened for my church..this has grown deeper and harder over the past three years. I have never requested prayer on this forum, it is not something I do lightly. The need is so great. Thank you in advance.

Kathleen

Oh Sister

I hear your heart, the heart of God even ... for His body. I awoke (early fall of 2007) to an extreme need in my fellowship several months before I found this site (spring 2008).

Only prayer allows the full expression of that burden. There has been fruit in me and in this fellowship. And others share that burden now in corporate prayer (what a relief, in part). I really do think it is revival that is disparately needed and on our Father's heart.

I wholeheartedly join you in your crying out to Him. If there is a Bible verse or a single word that captures the need that God has pointed out to you, pm me and I will pray in that direction.

This is what I mean/where ([https://www.sermonindex.net/modules/newbb/viewtopic.php?topic\\_id22999&forum13&4](https://www.sermonindex.net/modules/newbb/viewtopic.php?topic_id22999&forum13&4)) He started me.

Confidence in Him  
Joan

Praying for you and your church, Kathleen. Whatever the need is, I pray that God will meet it.

I have been praying that verse you mentioned in the post you directed me to, 'It's time for thee to work, oh Lord for they (we) have made void thy law'.

Oh how that verse has gripped my heart. The cry in my heart is almost overwhelming...
