She s in the hospital with pneumonia and not doing good, i told her i would put a prayer request on here for her, also pray for her salvation while she is their, she does not know the Lord, i did leave a card about forgiveness through Jesus, but if you could get in earnest prayer for her soul.

Sometimes the daily witness of a meek and gentle spirit will do more for the opening up of ones heart than 1000 tracts and 100 prayers and dozens of sermons spoken ever could. We are His hands, we are His feet. God bless
