I was watching another clip on Reagans humor. It was funny.

He told a joke were Castro is giving a long long speach to a big crowd. every so often a man would interupt with "popcorn, peanuts, crackerjacks?"

After about the fourth time of this guy doing this Castro say," Whoever that is if he does it one more time I'm going to kic k him all the way to Miami. Suddenly the whole crowd starts saying,"Popcorn,peanuts,crackerjacks"
