A brother mentioned on the forums earlier that it only takes a very little to become a supporter of this website and ministry to help keep 100,000's of messages going out across the world for free. He brought it down to a practical example that you can support this ministry in an effectual way for just \$5 a month which is equivalent to a hamburger a month.

If many people participate in this fashion much will be able to be accomplished. Please support this ministry if you feel God leading you to this is just to make people mostly aware that there is a need and there is an support option for you to help.

I made this image after the brother mentioned that imagery a long time ago:

If you want to pursue this go here:

and choose one of the partnership options to use your credit card and signup for a monthly deduction of one amount of \$5 or more. Thank you for your support of this ministry. Any questions and comments are welcome.

Thanks for the one brother who has newly committed to \$5 a month to help support this ministry. I pray there are more that the Lord would burden to enable these resources to go out even more to the body of Christ.

Another dear brother signed up to help with \$5US and another sister is going to signup also once her paypal clears. I thank everyone who is sacrificing this small amount to do something much larger than they can imagine. If God prompts you won't you help carry the burden of this ministry to get its message across the world.

There is still a **need** for more partners to signup to support this ministry. If the Lord leads you for even the smallest amount it will help. This ministry runs 100% off the support of God's people and the more this site is used the more it will require to keep it going:

thank you for the dear brother that signed up as a partner recently and there have been a few extra donations that have helped. Please continue to give as the Lord leads you. If you haven't committed to help with this ministry pray if you should help, it takes alot to keep this site going with all its outreaches. I have been trying to provide cds, and dvds locally out to persons to spread the gospel also.
