poor and dirty was my soul ,when it lied in the miry clay

nothing was my gain ,while i served the sin as a slave  
sin the master of my life ,demanded the very life of mine  
savour stood far away ,waved his hand to my avail  
failed to know his lnguage and sign  
fainted my life to death again

'tis the story of my life that produced the misery  
wind of grace ,blew over me, all the ignorance flew away  
happy ,happy is my life ,when it finds its love in christ  
join this company of people ,whom the world despises  
'cause they loved christ the lord of life.
