**please pray for my pregnant wife - posted by nasekom (), on: 2010/1/8 19:41**

Brothers and sisters i have a prayer request.my wife's got a tooth infection.it may sound nothing serious but she is expecting our fifth baby(due in february).she's taking antibiotics to stop the infection from spreading and also she's taking pain killers because the pain is bad.she is very weak now.our local church is praying for her and if you feel led please pray for her also.Thank you.God bless!

In Christ ,nasekom(Yuri).

Father,

No one can meet the needs of your children like you can. Please hear the cry of this dear husband. Touch this expectant mom and child oh Lord. Manifest Your glory in this situation. In Jesus' Holy Name we ask it, amen and amen.

Praying.

I also have a request for my pregnant wife. She has had a history of "health issues" which can make conception and child bearing difficult, and even result in miscarriage. We think we are about 3-4 weeks in (haven't had doctor's appt. yet), but she has had some vague cramping feelings in that area during this whole time. I don't know much about pregnancy, but I think cramping feelings are usually not a good sign.

Thank you.
