Mesrmerizing sheep skinner. Avoid.

He knows as much principles and secrets about the kingdom of God as Ali Baba...except Ali Baba isn't the liar that Murdock is. A real kook.....

I believe that real, Godly wisdom is to become a fool that, God willing, I may become wise.

Mr Murdock is employed by the various TV stations to assist with their cash flow. His tactics are typical of the prosperity heretics with the result of fleecing the sheep.

I remember years ago when Mike Murdock came to our Church. He said those who would give a \$1000 offering to the Church would get an uncommon wisdom or miracle from God. Ofcourse \$1000 is definately an uncommon offering for most. I can remember in those early days wishing with all my heart that I had \$1000 dollars but since I didnt there was no way for me to get Gods uncommon wisdom or miracle. I was much younger back then. Yet if I along with many other had read the scriptures I would have known that when men try to make merchandise of you, your responce should be to flee from them.

Thank you, everyone. I knew my feelings about this man were warranted. He comes across as a used car salesman and I can't stand to listen to him. I only wish I could get my husband to see him for what he is.

One of the ways you can evaluate such men who claim to have a serious Holy Spirit word(as they claim) is if christ is made much of. The Holy Spirit exalts christ see John 16 (his person and works) he empowers us to see the excellence and worth of christ to such and extent that we bow the knee in worship and cry holy holy holy. I once heard charles leither say that if you really want to see how sinful you are you don't have to just use the law look at christ and how perfect and wonderful he is and you will cry out to God for mercy. Christ is the chief end of the christain not money, possessions, and wealth of all types.

Another thing you will see with these men is that they exalt the external at the expense of the eternal. They promise you your best life now in order that you may have your worst eternity later. No mention of Sin, the just wrath of God, Holiness in your personal life and a call to pure devotion to Christ is absent.

2 Peter 2 says

1 But (A) false prophets also arose among the people, (B) just as there will be false teachers among you, who will (C) secretly bring in destructive heresies, even denying the Master (D) who bought them, bringing upon themselves swift destruction. 2 And many will follow their sensuality, and because of them the way of truth (E) will be blasphemed. 3 And (F) in their greed they will exploit you (G) with false words. (H) Their condemnation from long ago is not idle, and their destruction is not asleep.

Don't you think it strange that these men never say anything relevant about Christ who is the sum total of the Gospel? Romans 1:1-3 The Gospel is concerning Christ but these men make the Gospel so man-centered that it becomes a Gospel-less Gospel. They have a horrible understanding of the Gospel and as far as doctrine is concerned, well NUFF SAID!!!

I am not saying this because I have some hate or anger directed towards Mr. Murdock but, it grieves me when men have such an assertive attitude in thinking that they are the oracle of God. I really would love to see these men repent and truly see the worth of Christ and preach a real Gospel with real results.

With Grace and love
Fuego.

Any minister that is not preaching the gospel of Jesus Christ and sound doctrine should be avoided.

Mike Murdock is preaching the same message that Robert Tilton preached, when his ministry was one of the largest in the U.S. Instead of the Church exposing this false ministry, it took a news program on one of the major networks to show how the money was removed from the mail and the prayer requests were thrown in a dumpster.

These preachers that pervert the scriptures are appealing to the lusts of men to get rich quick. The promise that they lay out is that if you will sow a seed, the bigger the better, into their ministry, then God will multiply it back to you. These ministries are full of testimonies of people that testify to the fact that it worked for them. They never do tell you about the poor people that gave the little that they had, and never did see any return on their giving. It is the poor and those in debt that it hurts the most. The rich people are merely giving out of greed to get richer.
