I was looking over the lists of Revivals in the land and was interested in the Asbury-College Revival and I found this. I was so blessed by how it began. With a few praying and believing and then they shared only a little and the Holy Spirit did the rest and it grew. I couldn't find this here. Maybe we can add it or maybe I just couldn't find it. All I know is that it is awesome, so awesome. All Glory To God!

I remember watching it for the first time, truly a blessing. God is so good and merciful. It's wonderful how they give God the glory for all of it.
