Saints,

If there are any "file missing" messages when you are trying to listen to sermons please cut and paste the "url" of the page you are on and also the sermon title into this thread and I will fix it!

**Re: Please report the pages and sermons that are not working, on: 2010/5/1 14:23**

About a week and a half ago, i was downloading sermons from the last page listings to the front (which is par for the course, for me at least).

Anyway, at that time there were a few of Zac Poonen's sermons that either downloaded quite slowly or would not download at all.

Sorry, but it was shrugged off thinking that the site was just not up to speed yet.

If recalled correctly, some of the last pages of Carter Conlon's were downloading in similar manner.

Typing the other night, killing two birds with one stone, Dr. Michael L. Brown's sermons were being downloaded.

At first, little mind was payed to the download speed, however, continuing sermon after sermon, by the time the sermons on page 2 were being downloaded, it was noted they downloaded very slowly. (halfway through page 2 downloading was discontinued due to this fact).

In listening to them while working, one had no sound after about half way through. (Was i, at that point in time, able to stop what i was doing and check which one, it would have been done. Tomorrow, possibly today, that can be checked if time affords.)

[Â By Now You Ought To Be Teachers](#) by David Wilkerson

Topic: Rebuke

Description: January 11, 2009 - How many sermons do we need to hear before we simply take God at His Word? There comes a time that we can become gospel hardened because we don't allow our heart to respond in faith to the Word of God. We are called to be living epistles read and known to all men. Now is the time to allow our lives to be an example of the faithfulness of God. It is time to let our family and those around us take notice because we have an unwavering faith in Jesus Christ. You may be the only Bible your neighbors will ever read.
