

**Miracles that follow the plow :: Please pray - Tornadoes Expected**

**Please pray - Tornadoes Expected - posted by Joyful\_Heart, on: 2010/5/10 10:33**

I turned on the weather channel, which I do most every day being here in OK, and 30 miles S. of us is the National Weather Channel storm chasers. They are expecting lots of tornadoes today and we are right in the center of their expectations. On the OK & Kansas boarder.

So please be praying throughout the day for safety for all in the path. The largest Cities are Wichita, 60 miles N. of us and Tulsa about the same.

Thanks be to God ahead of time and to you for your prayers. We are blessed. Glory to God!
