Dear Brethren,

Please let me know how the site loading speed is for you. How fast do the pages load and is there lagging alot? I am trying to get sermonindex to run as fast as it can most efficiently and cost-effective also to be a good steward of God's resources.

5 tabs loading at the same time on dial up and sermonindex wins every time!

Tremendous to hear saints! I am still working on ways to see the site load quickly so that many can be blessed with this resource even on dialup!
