as to the WHY?

**Re: - posted by Silo, on: 2010/6/21 11:52**

What does the 666 page in the bible mean? Nothing.

It's just superstitions. Like not having a 13th floor. The enemy is not that dumb to make it so obvious.

I say this in love my friend, nothing against your post. =)

I find it very interesting to read how these secular people do not have a seat #666....apparently they must be aware of the mark of the beast and want to do nothing that would unnecessarily antagonize Christians about the validity of their government!

They may be smarter than most Christians?!

**Re: - posted by enid, on: 2010/6/22 6:20**

I also have to wonder about someone who visits once, posts a questionable post, and then disappears.

Might return, might not.

No loss.

**Re: , on: 2010/6/22 12:43**

More junk from the internet for Christians to panic about.

The poster probably came here to stir up a debate.

Oh well... didn't work. He should have asked a question about the KJV or Limited Atonement. Rookie...

Aww, Krispy, you not trying to bait someone are you? I thought you turned over a new leaf - that you were no longer going to debate the KJV issue! :-)

This is an very important issue actually.

It is FACT that in the EU government documents there is a "recommendation 666" that in a great financial or war crisis they appoint one of their leaders as having "veto" power over their entire government. This is why the 666 seat is empty. It will be filled in that "emergency" crisis time.

The EU might have been doing this on purpose to pole some type of fun at biblical prophecy but they might actually be fulfilling it at the same time.

Oh saints we live in terribly dark days! May the saints of God see and live worthy as it grows dark.

"Oh saints we live in terribly dark days! May the saints of God see and live worthy as it grows dark."

The iniquity abounding has near broke my heart. I am pleading with God on a daily basis that it is not causing me to be hardened to love. How I need His help...

While I definitely feel that the European Union might play an important role in Bible prophecy, I can't seem to find a credible citation for the original poster's claim.

I followed the link that Neil included, but the "Jesus-is-Savior" website didn't include a credible citation either (and I have found many of their claims highly suspect in the past too). This could be true...or it could be one of those rumors that we aren't supposed to be given over to.

Bottom line: "Let not your hearts be troubled..." (John 14:1).
