Hi Joan

In response to your question.

Angus did a series of meetings in Newcastle, Australia about 10 years ago. I was a babe in Christ at that time. I remember witnessing his heart for the lost and desire for the glory of God, Angus has a powerful testimony and he did not back down from speaking about sin. In those meetings I saw for the first time; people weeping under the conviction of sin whilst the message was being spoken, literally within minutes of the message starting. This is something I have rarely seen in Australian churches. We so need strong preaching!
