Hello SI family!

I'm looking for a sermon regarding the topic of legalism, what is the biblical case for it and how it works with holiness and obedience.

Thanks

I taught the following lesson on the topic a few years ago. Perhaps you will find it helpful.

nizero,

The following link will take you to a sermon which is one of the best I've heard on the subject of legalism:

A good commentary or sermon series on Galatians would be a great place to start.

Check out Ryken's commentary on Galatians.

With care in Christ...
