I would like to ask the folks here If they could send up a prayer for me. I have been through a period of such vile trial and persecution the likes of which I could not have imagined. I'm talking about really really heavy persecution.

Unfortunately this led to a total nervous breakdown and me failing miserably in my walk as a christian. I have hurt so many people around me with my words.

I desperately need to sort my life out and get back to the Lord. Please ask the Lord to have mercy on me.

May God restore to you the years that the locust and cankerworm has eaten.

He loves you, and is always open to your heart cry.

Before you called, He answered, and while you are yet speaking, He hears you.

Always remember, He loved you, before He placed you in your Mother's Womb.

God Bless you.

The most important thing in restoration is asking those we have hurt to forgive us. We have to make things right. Some may choose not to forgive, but if we, in a true heart of repentance ask for forgiveness, in humility, we can know we did what we were supposed to do, and that we are right with God. Restitution is also very important if we have stolen something.

Know that when you are truly repentant, God forgives and has mercy on you. In fact you were forgiven at the cross. It is when we step away from that forgiveness that we get into trouble. Return and He has already received you. But you must try to make it right with your fellow man.

I will be praying for you.

Peace to you
