

Scriptures and Doctrine :: Re:

Re: - posted by fromtheold (), on: 2010/9/10 17:51

Please be friendly people.

Question, someone 2000 years ago would of seen a airplane, how would they of described it? Would they of said a bird or an airplane?

I've thought about that but I guess we just have to believe the scripture for what it says.

If it says worldwind then we should rather just have faith it was a worldwind until otherwise proved with scriptures.

Just my opinion.
