Yield not to temptation, yield to the Holy Spirit. Be filled with the Spirit, walk in the Spirit; put to death the sins of the flesh by the power of the Spirit and walk in victory!!

Father in Heaven, Great and Holy is Your name! You alone know how your children struggle with the power you offer. You have lifted your servant from such things as my brother screams out. I hear his cry and I lift him up to Your Holy Face. OH! Father! How long will my brothers suffer with such things and not find Your Holy Fire within them?

By the power You have promised (And the promises of God are not lies), even the power that You give through Your Lovely Son Jesus I present my brother to You. I claim this brother as one for You. He is Yours. Is it right that Your people should kick in their blood on the mud of sin? As You are God, he will stand. For You, Oh Lord Most High, are able to make him stand.

Holy! Holy! Holy, is the Lord Most High; who was and is and is to come! We do not call to idols. We call to the Living God.

I give him to You, Father. Let us stand for there is work to do and we have had enough of this kicking in our blood! Amen! Amen! Amen!
