Dear brothers and sisters,

I recommend this sermon to you all. It has encouraged me greatly and had answered some of the issues that I battled with for long such as the sovereignty of God and the human responsibility. It showed me that revival comes with a cost and unless we are willing to pay it. Revival also is opposed by many Christians because not many are able to bear with the demands of the Spirit upon their conscience to make things right with God. Some see revival times as heavy times they can not wait to be over with, while others long for it as the deer for water. Anyway, the sermon is titled " Turkey Creek Revival" by J D Brodgon. You will find it here on sermonindex. Sorry I don't know how to do the link thing. If you go to "topic">>Then "Revival">> click on "Revival history". The sermon is on the second page.

Enjoy and be encouraged.
God bless.
