My mom's cousin Donna has cancer and was told it is incurable, can you please keep her in prayer and if you could ask others to pray for her in your churches or any friends too, pray for her salvation too. Also for my mother Pat and her deliverance from alcoholism and that the Lord would save her too and all my family and friends.

Praying... my mother came to Christ after she was told she had incurable cancer. She did die of it... but only after six and eight months of walking with the Lord, though she had been given one year at the most by the doctor.

Lord, may Donna see her need to come to Christ and be saved from her sin. Move also in Pat's life and among her friends and family. May they hear your word and understand that they might come to repentance and salvation!
