SermonIndex Announcements :: Updating Ministry Info Pages

Updating Ministry Info Pages - posted by sermonindex (), on: 2011/1/22 16:34

Brothers and Sisters,

We are in the process of updating the ministry information pages "About us" and "Contact us". We want to ensure we can convey the vision and heart of this ministry to you clearly and also try to answer any questions you would have. Please review both pages currently and send any suggestions of questions we have not attempted to answer and we will consider adding them. Or any better ways we can state our answers.

Also please note we have taken off the contact us form and are just having the email there as the communication option. I feel strongly about this so it ensures no email communication is coming from this website therefore the problems with spam and domain blocking, etc are small or nil! This is an issue many larger websites face and my choice is to make sure we don't even waste time with it. (90% of all email communication on the web is spam!).

Very cool, I always wondered how to download videos off the site! That is much appreciated. :)

Re: - posted by sermonindex (), on: 2011/1/23 3:18

Any other feedback would be wonderful.

I've looked for the music countless times just to remember they are in the sermons, tucked under.

It could be nice to tell people where the music is.

Just an idea I see could be added to FAQ.

Oh and this is something i've thought about for years. I know i'm taking a chance now but you did ask.

If you create a banner people can embed on their sites and supply the code with it to make it easy for those that dont know how these things work.

That way people can advertise SI on their blogs and websites.

Just an idea.
