Where are the transcripts? - posted by leo315, on: 2011/2/1 3:26

Did the layout of sermon index change recently?

Or does my remembrance fool me? Wasn't some place for transcripts for the audio or video sermons?

Or there another kind sermon index where seen this?

Thanks!

Not all of the Audio/videos sermons have been "transcribed" - if that's what you mean - but there's the "Text Sermons" - many of which were transcribed from audio/videos.

Hope that helps.
