(Kyodo) _ A Chinese Christian activist living in the United States will give the U.S. Congress secret documents about China's efforts to control religion, the activist's organization said Tuesday.

Rev. Bob Fu, president of the China Aid Association, will provide the Congressional-Executive Commission on China on Thursday with documents he believes explain why Chinese students have since June been compelled to sign "anti-cult" statements and why house church leaders have been arrested, the association said in a statement.

The documents give reasons for a one-year suspension in recruiting new students for religious studies alongside a \$55 million increase in the government's religious affairs budget, the association said. They also explain the arrests of Internet dissidents and the closure of media outlets, according to the statement.

The documents come from the Chinese Communist Party's departments of propaganda and personnel plus four government offices, the statement says.

Fu has been invited to testify Thursday on religious freedom in China before the commission, which was created by Congress in 2000 with the legislative mandate to monitor human rights and the development of the rule of law in China, and to submit an annual report to the president and the Congress.

I didn't read all but what comes to me is... Jesus did he give info to others about what the romans were doing? did he say hey there are roman solders moving into such and such a place.

Be faithful, believe, ask and it shall be give you. he said don't count on man. look for the things that are UNSEEN for the things that you see. FEAR NOT ONLY BELIEVE. God's will BE DONE!! we must learn to overcome and believe in the unseen!

We are to lead others to Christ not correct the world we are in.

Hi Ravin,

Good to see you! You might not be aware of Bob Fu's ministry. He has an awesome testimony and the Lord is using him to do exactly what he is doing: Exposing brutality against Christians in China. Check out his website (<http://www.chinaaid.org/english.htm>) China Aid.

Here's a newspaper article about him and his father (<http://www.chinaaid.org/English/Advocacy/A-Terrible-Salvation.htm>) A Terrible Salvation.

Does this little segment of the Word of God have anything to say to us in such a situation as this?

Have no fellowship with the unfruitful works of darkness, but rather even reprove them.
Eph 5:11
