Starting December 11, I am starting a program at church that I call "Seeking Souls Saturday's" Please pray that God would bless the program, and that it would be successful. S.S.S. is going to be a once a month time of intercession, followed by aggressive street evangelism, door knocking, and other forms of outreach. My pastor is saying we'll start it off just once a month for now, and if people really seemed burdened to do it, we'll try doing it more often.
