Saints,

Paul Washer shares on the gospel message of Christ taking on the wrath of God for the lost world. This is a clear message of the Gospel and its focus and elevation of Christ alone. Amidst the shallow presentations of the gospel this message elevates the true Gospel.

"In a day of confusion over the work of Christ on the cross and His blood shed. Paul Washer delivers a clear message giving the implications of the sinfulness of man and Christ bearing the sins of the world upon Himself. Christ became a curse for us and was crushed by a Holy God for our salvation! Worthy is the Lamb of God that takes away the sins of the world."
