Saints,

This is a very challenging message given by John Piper on the life and ministry of Nicolaus Ludwig Zinzendorf and the Moravian movement. Oh what a tremendous example of piety and sacrifice in these saints who gave all in response to the free salvation offered in Christ. May this stir you to give all, what can you truly hold back from the Son of God's love?

"Sobering reminder of why Jesus suffered and died. Very challenging indeed." - Yuri

"Oh may we truly give it. It is nothing saints compared to what Christ did for us!"

"Oh what a wonderful lamb that was slain for us. His wounds are precious to us! Forever found in that flow of calvary. Outpoured on sinners so undeserving yet so freely given! Glory to the Lamb of God. Let us give Him our all." - Greg Gordon
