Thank you for pointing out these messages by Art Katz, Jeremy.

In the first part he tells a story that often came back to my mind: an older Jewish lady came to the Lord after hearing about Art through one of his books. Her son had given it to her after witnessing Art's apparent failure to face the rabbis in a New York university(?). He was astonished at how someone could get so beat up for simply sharing what he believed and not retaliate. From all "human" perspective this encounter with the rabbis was a total failure but God used it to bring one Jewish lady to Himself.

Too often we look at the apparent reality either from the outside (circumstances, acknowledgement/reproof from people, etc.) or the inside (feelings, reasoning, etc.) while God wants us to look at the Truth, the Word, His Son: Jesus.
