I have been meaning to put up some links to recommend these sermons for a long time now but keep forgetting to do so . These are newer Katz sermons added to the server within the last few months.

After listening to this series a few times, it obviously has a lot of similarity to "And They Crucified Him." Which is arguably one of the single most powerful sermons I have ever heard. This series is like a three part expansion of that same theme. It is well worth the listen and infinitely more worth the application.

The Cross of Christ - Part 1, Art Katz

The Cross of Christ - Part 3, Art Katz

I think I need to listen to them again myself. Blessings.

Amen. Blessings on you for posting these. The Spirit has been leading me to a lot of these newer ones too. It can take a few listens to actually hear what Art is saying. I have noticed that I will be listening well but then something will be opened to me and I will contemplate it but when I return to listening I will have lost track of the line of thought. Then the remainder of the message is planted as seed for later.
