Saints,

The Herald of His Coming is a faith ministry that publishes a monthly newspaper with articles on holiness, revival and the coming of the Lord with such authors featured as: Chadwick, Murray, Ravenhill, Wesley, Whitefield, Bounds and many more from all genres of the Christian Faith. It has been a personal encouragement to me and strengthening of my faith. I highly recommend people to support their ministry also, they never really make their needs known and have been very much used of the Lord.

Leonard Ravenhill read the Herald and recommended it to many others, as they also produced some of his writings in the periodical.

This site and their periodicals are priceless.

The back issues, until recent.

Thank GOD for sites like these. The Vintage Authors are trustworthy to post. They feared GOD and stood the test of time. No reason we can't as well.

Thank you!!

Thank you!

Tremendous to hear the responses. I am hoping 1000's of saints, especially younger brothers and sisters subscribe to the periodical. My prayer is that it would continue in the same fashion till the coming of the Lord.
