Thanks for asking, I will be glad to answer your question and help you with this. Firstly ensure that you are logged in. next..

• Then go to the link on the left menu named "View Account"

• Then click on your "edit profile" button

• Then part way down the page there is an avatar heading.. and you can simply choose from the drop down menu to see the different selection. Or click on the "xoops" link to get a popup with all the avatars. Just choose one.

• Then click "save changes" and viola.
