Saints,

I highly recommend this volume, watch the video of brother KP sharing about the book on the website and order your free copy. Allow God to move your heart to support the vision of seeing 100,000's of kids being saved from such abject poverty and be raised to be godly Christians who will impact the world.

Asia's Children Tell Their Stories in No Longer a Slumdog

"He would lock me in a small room with the animals. Days turned into weeks, and my stomach would growl. He never gave me enough to eat," said Nadish. "Weeks turned into months, and my body would ache. The work was hard, and there was never enough time to rest. Months turned into years, and I began to think that this would never end."

But through a miraculous event, Nadish found his way back into the loving embrace of his mother. Dr. K.P. Yohannan's newest book, No Longer a Slumdog, unveils the true-life accounts of many of South Asia's children, like Nadish. The message hits hard. He speaks of "winds of change" and a powerful move of God.

The children's stories tell of going from a life of heartache and poverty to finding joy, laughter and a bright future. Despite the affliction these children face, Yohannan shows us there's opportunity for change as many find new life in God's redeeming love.

No Longer a Slumdog inspires faith that a better tomorrow is truly possible.

“There is a divine passion for , a heavenly desire for their well-being, because God prizes them highly and His heart breaks to see them suffer.” -KP Yohannan

“When we hear about the millions of suffering, hurting children in the world, let us not look the other way. Each one represents our Lord Himself.” -From KP Yohannan's newest book "No Longer a Slumdog".

You can get a 2 chapter preview of the book here for free: <http://goo.gl/xFulp>

Also you can order the book freely too from Gospel For Asia. May the Lord answer the vision and prayer of brother KP and go beyond this to see over 500,000 children raised for Jesus Christ in India and saved from poverty.
