I am off in about 15 mins. to a family reunion I have been praying for for a long time now.

Please as the Lord leads pray for me. It's about people's salvation but the Lord showed me it's about Him and Him in me . I long more than anything to bring the true love of Christ to all. I still have so much of self but Praise the Lord it is going. Please pray I will not get so busy I stop hearing Him but will hear Him when and what to speak about Him. That the Lord will continue to prepare their hearts for seeds watered & planted & it is the Holy Spirit that gives the increase. Glory to G od

I will be able to get online once in a while. I miss you all so very much already!

Today I was thinking if it weren't for SI and the awesome sermon's posted here and a desire for Truth where would I be. I might be off on some of the Christian tangents that are being offered right now. Praise God for you all and the moderators who work so hard to keep this going for us.

I praise God for Him, for SI, for the brethren here and I am humbly honored that the Lord would even think of allowing me to be part of such a wonderful group and to be ministered to so richly by the messages & godly music here.

God continue to bless and be lifted up and His enemies be scattered. He is raising a Bride pure and holy, one that He will delight in and sing and dance about.

We have a lot to do for the Church to be ready for such a grand and awesome Bridegroom as our Lord and Savior Jesus Christ.

Loving Him, loving you,

J\_H

Me too!! Praying for you and love you too dear sister! May He go before you and strengthen you mightily.

I look behind me and you're there,  
 then up ahead and you're there, too—  
 your reassuring presence, coming and going.  
 This is too much, too wonderful—  
 I can't take it all in! Ps 139:5,6 MSG

Two things...

#1 God bless you and keep you... and may He make you a witness to your family and friends of His grace and mercy!

#2 ...I can't believe someone actually just quoted The Message "Bible" on Sermon Index...

Have a blessed reunion, sister! And, if anyone brings Jello with fruit floating around in it, just pass it by. That's unnatural. If God wanted fruit to float, He would have filled it with helium. :)

Let your eyes be fixed on your Lord dear sister, He will make a way when it seems there is no way. . .

Good to know you are able to be online now and then...

Amen to what you are saying on SI's fellowship!

Praying for you.

Shalom,

brownny.

May God draw you unto Himself.

Give you His Wisdom, His Knowledge, with Godly Zeal.

SI has helped me, also.

God Bless

Joyful Heart,

just allow your light to shine. Conversate, laugh, have fun, and simply live. Be wise as a serpent and harmless as a dove

Actually... most fruits do float.
