I have listened to that about ten times now. It hits the nail on the head with people fighting discouragement and it's by the Spirit because I was for me! Do you know what I mean? And if others think it's for them, then that can only be done by the Spirit of the living God! Praise His holy name!

If you need ENCOURAGEMENT today, listen to this sermon. Thank you Brownny for posting this.

God bless you,
Lisa
