The Purpose of Man: Designed to Worship by A W Tozer - posted by Jeremy221, on: 2011/8/16 23:47

I just finished a biography of A W Tozer which ended with an advertisement for the book included in the title, "The Purpose of Man: Designed to Worship." The Lord has blessed and enriched me through the teaching and writings of Tozer so I was wondering if any had read this yet. It is a collection of sermons and articles never before published on the topic of the role of worship. I have been blessed by some of the messages on the subject here on SI, it is clear he learned much in his own experience of worship.

What are your thoughts?

Edit: I found something very similar entitled "The Worship Driven Life: The Reason We Were Created" published by Monarch Books and edited by James L. Snyder. It is available free as a PDF here, <http://www.eden.co.uk/pdfs/9781854248770.pdf>

I listened to the message series back in the cassette tape days, on worship being the chief purpose of man's existence. Worship of God, the creator and redeemer, just in case there is any question. I think it was in his later years. It is A.W. Tozer at his best I believe.
