urgent request asking you to pray for Israel ., on: 2011/9/18 18:15

This vote by the U.N. will take place next Friday, September 23rd. Please Pray!

Dear Friends and Partners,

I am sending this urgent request to you today asking you to pray for Israel . This month the United Nations will vote on a matter that would have a devastating impact on the land of Israel . And most importantly, pray for Israel and the peace of Jerusalem .

Yours in Christ,

Pat Robertson

I pray that the Lord would open a door for a Palestinian state.

I don't know why Egypt doesn't give them land in the Sinai Peninsula.

The natural place for the Palestinians to live would be Jordan. That is where most of them can trace their ancestry.

When Israel became a nation in 1947, surrounding muslim nations refused to let the Palestinians migrate to other Arab countries, and I believe that is still their policy.

The Sinai Peninsula is 23,500 Square Miles, though there are Mountain ranges to the South that are inhabitable.

Israel is only 8,000 Square Miles.
