We cannot know why God made the world without looking at Jesus Christ. He is the purpose of God, and without Him, nothing was made that was made. If we look at Him, what then do we see? We see the Eternal Creator of the universe forever joining Himself to the capstone of His creation, man. We see the most intimate of relationships...God and man became one.

"God and man became one."

The great Mediator, who provided the way. Thank you Jesus for all Thy grace and glory.
