NEED YOUR HELP FELLOW BROTHERS AND SISTERS. - posted by jstrang (), on: 2011/11/6 16:19

My name is Jeremy Strang and I am working on a new project called, "Realities of a True Christian." Here is where you come in. Please know that I have permission to post this request.

I need you to give me some suggestions on Sermon Links for the ends of each chapter. I can have more than one. I want to be able to provide as much material in little of space as possible in this book. Pray that this is the will of the Father or else convict me to stop as it would be only dung in His sight. Any help that you all can give me would be huge. The goal is to bring all people back to a centering in Christ Jesus, show realities to the Christian claim and a tool for believers in any area of sanctification.

Below you will see the chapter names (at least for now). Also you will see some ideas for sermon references behind the chapter names.

Intro: Definition of Reality from the 1828 Websters Dictionary.

Sounds like a tremendous project dear brother. I hope many brothers and sisters can give you thoughtful public and private feedback on this and help you with this for the Glory of God.

If you would, send me your address. I would like to send something in the mail to you as a gift of thanks. Not much, but Lord willing to His usage and glory.
