Saints,

K.P. Yohannan gives a passionate appeal to what really matters in life. In just a few years when we are all before the Lord, the things this brother shares will matter the most. Oh may we hear the Spirit of God through this brother and repent and change. May we believe in an eternal hell truly and its implications.

"Oh may we think and believe this everyday, every hour. May we not go by people all day long who are going to hell and not say something. May we live a life that really matters for the kingdom of God. "Jesus, take eternity and stamp it on my eyes, O Lord I want you to change my heart that you would change me from my selfishness."" - Greg Gordon, SermonIndex
