Hello,  
I was searching for on-line sermons by Henry Bullinger and came across this website. I am very excited at the materials posted here and look forward to Christian fellowship with the members. Thank you to the webmaster for providing the body of Christ with these many on-line resources.

Thanks for the welcome! Henry Bullinger was one of the reformers of the sixteenth century; he was Swiss and successor of Zwingli. I found an article about him here at the website and hope to learn more.
