

Miracles that follow the plow :: God's working in my life

God's working in my life - posted by GaryJr (), on: 2012/1/11 15:57

Praise God that He is working in my life with some very difficult struggles that I've been able to work through because of Him. Also, I praise God that He's showing me His will for my ministry that He's calling me to even though I don't know what the specific ministry is yet. Pray that God will completely show me the specific ministry that He is calling me into.

Praise the Lord my brother!

It's great to hear your testimony, the Lord is merciful and full of grace and love for His kids!

Keep running!!!

Praise God! Brother Gary, God is good! don't ever give up on him, even when it seems he may have given up on you. I have personally lived the life of hanging onto God, through a lot of ups and really low downs. Just when I seemed to want to just give up, I was tired and worn down, he lifted me back up, dusted me off and gave me strength to continue. I won't get into what I have been through, we all have seen tough times, we all have a powerful testimony. I used to put a lot of things before God in my life, but he saw my heart, he saw my desire, even when I did not, and as any Loving father he never gave up on me. Message here is "never give up" Thank You Lord!
