Rheta McPherson January 2012 weekly messages. - posted by ArtB (), on: 2012/1/28 22:25

These 10 minute videos by Mrs. McPherson reflects Christians views that I believe to be true and edifying, but she says them far better than I could, and she goes beyond my views with information that I readily embrace.

I simply offer these video messages as food for thought.

I also suggest the moderators to review them for suitability on this forum.

And the last three short videos on the following URL.
