THE FOUR SINS OF BABYLON: The coming Apostolic company, and THE END OF THE AMERICAN DREAM., on: 2012/2

THE FOUR SINS OF BABYLON, The Apostolic company, and the End of the American Dream
This was posted about three years ago on the Internet, though I received this vision in 2003. It dovetails with the SUPER BOWL post I put up, and shows the heart of God as to what, I believe, is coming because we, as a nation, are turning to Satan ; a mere hand-slap as to the utter destruction coming.

The End of the American Dream
by Thomas Watkins

IÂ'm writing about something sacred to me, and you will understand as I go on. I am 59, and I have been given dreams and visions, along with many other experiences with God since 1972, the year of my salvation and indwelling. In general , I have not shared them, except in a limited way, and that as the Lord has led.

In March, 2003, six years ago , I was in the spirit in a vision.

I saw a most beautiful company of men and women preparing for an event. They were Christians, and fearfully holy, and beautiful. They were dressed in simple and humble attire.

They were not young, nor old. It reminded me of the military days when I and my fellow soldiers would prepare for a mis sion, gathering material and supplies and strategy. These were the holiest people I have ever imagined. They glowed wit h HeavenÂ's Presence, and their eyes were like lamps; emitting light and love. They were frightening.

The scene changed and I saw a multitude of American people , trudging along like the bomb-out of Dresden GermanyÂ ….refugees..men with dirty suits, with heads down , homeless, in a crowd that poked along for miles and miles. Children held the hands of parents, trudging along, with a general air of depression and despair. They had lost everything.

Every molecule of the sky and the Earth and the substance of that vision spoke a wordÂ….Â"THE END OF THE AMERI CAN DREAM.Â" I also knew it would center around a Â"mortgage greed craze.Â"

The scene changed again, and I was there, watching as another mass of people were trudging along. They were all min orities, mostly black and Hispanics. I then realized that the first group were all white. The difference being that they, the minorities were very, very angryÂ…..riot motivated angry. These crowds stretched for miles. Â"The End of the American Dream.Â" was over them all. These too, had lost everythingÂ…homes, cars, and all luxuries and possessions: they were in the street.

I can only guess at the numbersÂ…..maybe a total of about 3 million split between both groups. I saw signs of traditional ministries following this groupÂ…but without much impact.

The vision ended.

Implications and thoughts.

Firstly, I think the fall of the American economy and dream is permanent. I do not think that we will ever see America rise to the prosperity levels that we saw previous to October 2008. It is over. I could say, Â"never to rise again.Â"

Secondly, it is going to get much, much worse. If 3 million people are homeless, then it means that many more were dis placed, perhaps 20 to 25 million. The 3 million are just those who have no friends or family to take them in.

Thirdly, the economy will not recoverÂ…ever.

The economy is collapsing, along with jobs. We will see the fuller impact beginning the summer of 09′. Renters a lso will be affected, and perhaps more vulnerable. Everyone has bought into the idea that your CREDIT RATING is the t hing that makes you a success. The Lord showed me men in dirty suits, which reads to me that the middle and the uppe

r middle class will also be there among them. The rich, and the nearly rich have acquired debt as a lifestyle, to enjoy and be entitled to the American dream to the fullest. From gourmet Pet food, to the Â“better collegesÂ”, classy cars, along wi th the Â“PrizeÂ”Â…the 5 bedroom brick Tudor semi-mansion in the Â‘burbsÂ….the middle class has taken the baitÂ…a nd who will deliver them?

All believed that America would just go on putting out for ever..and it would never end. It has now.

As I write, the largest reverse migration in American history is happening: Mexican migrants returning to Mexico. In the p ast several months, over 2 million have returned home to the south, to survive with their families. There is no longer the construction industry. It has vanished, along with the absence of a credit market. The mass exodus continues, and the p oor and service industries are always the first to fall.

Why?

There are 4 sins that are paramount in the last days; Immorality, Murder, Theft and Sorcery. America was founded in Ch ristian Puritanical beliefs, that spread throughout her government and judicial system, and the fibers of every realm of so ciety. Volumes could, and are written on her demise, but it is suffice to say that America, hand in hand with the freedom t o do ANYTHING she likes, or is pleasurable, (has believed) it is our RIGHT: guaranteed by our constitution.

This can be paralleled with ancient Israel as they often drifted the same wayÂ…and through out time, the Lord has so de alt with Nations by sending judgment.

JUDGMENT FIRST MUST BEGIN WITH THE HOUSE OF GOD!

The CHURCH is the salt of the Earth, and the American Church has, overall, lost her saltiness, her savor. We have bee n exposed, uncovered as one loving prosperity, and living and loving such riches as the prior Kings of the Earth knew no t. We have willfully believed that happiness, health and prosperity have become our rights! God has ordained that we ar e the head, and not the tail.

There is no longer a Word about Sin, for there really is no sin, just principles! God is all inclusive, and God is Love. If the re is no sin, then there is no repentance, and we are Earth bound.

Of course, we will fly away to more luxury and peace later, but that is in the by and by. The Blood of Jesus is no longer t he pillar of our faith..but instead our pillar is the living of a purpose filled life, and that with your best life NOW! Happiness and Prosperity, along with good health to make you live longer and enjoy it, of course.

The end of the matter and conclusion concerning this sordid and unbiblical church is simple. THE CHURCH NO LONGE R NEEDS GOD, or HER GLORIOUS MASTER, THE LORD JESUS! He exists only to serve her, like a butler, and to pro tect her rights, and of course, she shall never suffer.

When this vision is matured, the Church will realize that she does need God. The church will need Him more than she e ver believed she would.

Judgment:Immorality. America and pornographic Hollywood, making billions yearly, importing our filth to nations that still blush, not being Christian. We have elevated sodomy to the halls of congress, and marry homosexuals. We teach our ch ildren, by law, the rightness of inclusiveness: that this is natural and must be accepted. We sell sex , millions of times a d ay on our airwaves, and are awash in sexual enhancement products, and endorse public displays of horrific and blasphe mous Â“art formsÂ”.

It is indeed a river of filth, and shows no signs of abating. Watch one minute of VH1 or MTV. This is our legacy.

Judgment: Murder. Over 50 million innocent children taken (alive) from their mothers wombs; thatÂ’s one out of six toda y in America. DonÂ’t worry, God has covered His eyes, and didnÂ’t see. Violence and death, and the Â“mass murdererÂ ”. This was generally unknown in America, with very few exceptions. It is a spirit.

My own brother was murdered, assassinated. The murderer was never brought to manÂ’s justice. The US government d oes not hesitate to do so either, if it serves our political interest.

Remember KHADAFI?, and his tent in the sandÂ…and his daughters that were blown to bits by an American cruise missile?

Judgment: Theft. I have written in my Bible, Â“THE BANKING SPIRIT.Â” Every element of business has morphed into a predator mentality, from the car dealer, to the investment Banker and your local bank, to the mechanic and Neighbor, Fairness, and doing the right thing has been replaced by deception and greed, to profit. It is a jungle out there, and everyone wants to rip you off. Have you ever felt that way? ThatÂ's because theft is rampantÂ…

Judgment: Sorcery. Witchcraft and her covens are growing exponentially. Harry Potter, and some 30 TV shows and more cartoons about the occult are feeding our children a steady diet of satanism, not counting the hundreds of dark video games they devour. Well, as long as they are quiet!

The other side of sorcery is DRUGS: We have joyfully embraced drugs for any and all discomfort or pressure or unhappiness. Psychotropic drugs that Â“calm the nervesÂ”, are casually dubbed Â“MEDICATIONÂ”; PSYCHOLOGICALLY EQUATING IT WITH REAL CURES, like penicillin, or the Polio cure. It is not. they are drugsÂ…dopa!

The medical practice of the Physician has been reduced to a pill pusherÂ…a pill for everything!It is the chief advertising dollar in America. It is estimated that one in six Americans use Marijuana.

MethamphetamineÂ's are a plague to mid America. Our prisons are bursting, overcrowded two to one , or worse. Thousands are beheaded and murdered today, as we speak, in Mexico over control of the dealing of this evil lust and addiction inside America.

You cannot tell the difference between the Church, and the WorldÂ….except that possibly the Church doesnÂ't drink and party as much, and goes to meeting on Sunday.

RIGHT NOW, AMERICA DOESNÂ'T NEED GOD, NOR DOES THE CHURCH. SHE IS LAODICEAN! SHE IS RICH, AND HAS NEED OF NOTHING.

Hope and Faith

God will provide. He has never forsaken one who has put their trust in Him, never! He has never broken a Promise, never, to any who Love Him, and even to those who call upon His Name!

There is a great division coming however, and it will prove to be a division between those who love Him, or love their own lives more.

How will we respond without prosperity? Will we be, as righteous Job, and still trust and say: Â“Even though He slay me, yet will I trust in Him!Â”, or will we be selfish, and despise His chastening, and Him too, when things are no longer? How will we relate to the homeless, the poor?, and especially to Christians that have lost everything? (see Acts 4:32) Will we open or homes, and will we give? Even unto our last cup of meal and oil to cook it with?

Will we give all unto the Lord, no matter the cost, or circumstances? Will we lay our lives down for our brothers and sisters, no matter what?..or..will we get all we can, and can all we get? Some willÂ…and the days of Ananias and Sapphira will return again. (see Acts 5:1-11)

This will end in a purified church. The true Church will be greatly affected, for when we suffer, we stop playing Church, and become the Church.

There will be a shift from institutionalized pew sitters, and the clergy laity model, to the BODY, edifying itself in Love. The Â“House Church will become the norm, and the professional clergy will dry up for lack of money, and real anointing. The least of the Brethren will become a battle cry, and for those who want Jesus, their compassionÂ's will abound and increase, even unto abandonmentÂ…..and that is what this HOLY company is about.

They will be completely abandoned to Christ, and will impart that spirit. They will take the lead as examples, to minister to a grieving America, and will do so in real Power and Love.

There will again be a difference between the holy and the profane, and it will be obvious.

The catastrophe will be the stepping stone to REVIVAL, but not in the way of REFORMATION. It will be upheavalÂ….a Revolution! It will be a rebirth, a true renewal based on Resurrection Life from Heaven, not reform in Doctrine only.

Many, many will return to Christ, and many will receive Him as Savior, as they behold real Glory and Love. Many will go on in their dead religion, and reject compassion. Many lost will be saved, and there also will be real healingÂ's and signs , that are indisputable, accompanied by brothers and sisters who want no glory of their own. Holiness will be all about th em, and all will see.

This will be an awesome time for those willing to pay the price. We may not have a lot, but the promise is, Â"God will pro vide!Â" - this is a conditional promise however, fulfilled unto those who honor, fear, and Love Him.

Remember these words:

Â"AS MUCH AS YOU HAVE DONE IT UNTO THESE, THE LEAST OF THESE MY BROTHERS, YOU HAVE DONE IT UNTO ME!Â"

Jesus will become the rise and fall unto many. Many religious people and false Pastors and Prophets will be exposed in this pressureÂ….Many. Many holy will gain Jesus, and true Salvation in this time. There will be those who give all, and tr uly please their Master. It will be, as the old novel begins, Â"THE BEST OF TIMES, AND THE WORST OF TIMES.Â"

The best for those who fall at His feet, and say: Â"JESUS IS LORD. IT IS HE, AND HE ALONE WHO IS LORD!Â" - to th e rest, it will be the worst.

God himself is in the center of this Â"MeltdownÂ", and it is He who is applying the fire!Â"

Brother Thomas Watkins
