Killing babies no different from abortion, experts say - posted by White_Stone (), on: 2012/4/12 11:36

"Parents should be allowed to have their newborn babies killed because they are "morally irrelevant" and ending their lives is no different to abortion, a group of medical ethicists linked to Oxford University has argued."

The article, published in the Journal of Medical Ethics, says newborn babies are not "actual persons" and do not have a "moral right to life".

How these individuals reached adulthood without considering with gratitude that their Mother could have felt the same way and killed them.

God help us.
