"share this" link added for all 20,000 audio sermons - posted by sermonindex (), on: 2012/4/30 21:39

Saints,

We added a "share this" link to the left of the "add comment" link on every sermon. We are hoping that this can be used that if you heard a message and wanted to share it with others you can simply choose that link. Once the link is clicked it will open a new window to the page: <http://www.addthis.com/bookmark.php> and it will include the page you were just on to share.

Just search for the media source you want to share it on i.e. Facebook

or Digg, Wordpress, Twitter, Email, etc. and just choose the service and it will put you through with the link to share to your friends.

We are trusting this will be a way to see these resources spread further through social networks. Try it out and let us know how it works out for you.
