Saints,

We have been working on "hardening" some security features on the site so if some parts of the site are not accessible for a time period please know this is the reason why.

Please pray along with us that we can secure this site as best as possible for God's glory.

Some of the dear brothers from CFC India church (zac poonens) fellowship have been such a blessing in many times of crisis for this website. May the Lord repay them greatly for this!

We have some major changes still to make in the next few days please keep everything 'bathed in prayer'.
