Someone may have talked about drones in a thread somewhere, but I haven't seen it, so I'm posting.

Hearing of insect drones immediately made me wonder if they could be a mechanical part of the locusts in Rev. 9. Here are links to stories and pictures of the drones.

Greetings,

There is an excellent series by Brother Zac here related to the end times:

[http://www.cfcindia.com/web/mainpages/topical\\_bible\\_study.php#The\\_Last\\_Days\\_and\\_The\\_Lords\\_Coming](http://www.cfcindia.com/web/mainpages/topical_bible_study.php#The_Last_Days_and_The_Lords_Coming)

You can find many of his teaching on this site but I wanted to send you somewhere that you could get the whole series, all of their stuff is free.

Personally, I believe that Revelation 9 is speaking about the full demonic hoard being released on the Earth (ie the spirits that were in prison, fallen angels (demons)). Verse 11 seems to confirm this:

"They had as king over them the angel of the Abyss, whose name in Hebrew is Abaddon and in Greek is Apollyon (that is, Destroyer). ~Revelation 9:11"

The demonic king that is over them is satan, he has been since the original rebellion.

Your thoughts?

I've not gotten into end-times scriptures much. I read Late Great Planet Earth years ago, began reading and hearing all sorts of views on who was the anti-Christ, how events would happen and all. Reagan was the anti-Christ, Kissinger, Carter, Clinton, Netanyahu, the pope, Bush, Peres, I believe Saddam Hussein, and so on. I finally pulled away from things to do with end-times prophecies.

Your view seems right. It's interesting, though, that the insect drones are actually being developed to fly in swarms and there is an acronym used for them or their activity--it's SWARM. Is this a preview for us of the satanic swarms of locusts, is it coincidental, are these drones inspired by the Bible? It is interesting.

I am hearing reports of research that is quite disturbing and almost off the Sci Fi Channel. It seems scientists are experimenting and some say creating animal human hybrids by combining the DNA's. Add the demonics and Rev. 9 becomes more than symbolic.

Bearmadter.

Human/animal hybrids are nothing new.

They have been experimenting on it for over 30 years.
