good christian treckers? - posted by trotsak (), on: 2012/7/28 23:47

Greeting Brothers!

Walking over Internet often I face interesting Christian books, DVDs (for example - <http://pentecostalpioneers.org/catalog.html>) but with huge prices for brother from Russian Siberia.

Do you Know some interesting free good revival-topic Christian trackers (storage of torrents)?

Thank you in advance,
Br.Slava.

Dear Brother,

All the audio sermons (mp3) are free to download on this site but must be done manually. But they are 100% free and it would take a few days to assemble a good collection of a 500 or so.

here is a very well known Christian Torrent site: <http://www.livingtorrents.com>

some of our sermons are available on that site also.

Thanks for the torrent link. There's some interesting stuff on there.
