Olympic Winners: A two-door ice dispensing Frigidaire!

Olympic Losers: A nice vacation to Prison Camp.

We cannot fathom what Religious Freedom has done for the West, and the incredible liberty we have to voice our ideas, and to travel when and where we want, and to dissent! ; as the chik-fil-a event has exemplified.

In North Korea, every athlete who has won a medal, gives all worshipful glory to the tyrant, and young head of state, Kim Jong Un, or else, as it has been reported by defectors from this Dictator ran state.

"I must work the works of him that sent me, while it is day: the night cometh, when no man can work."

This very level of tyranny is coming upon us, one day soon, I believe. Let us work, while we are able. Give all to Jesus, and encourage others to as it is worth it, in the end.
